If you have a service that would fall on a day listed as closed, the collection will not be scheduled and no charges will be raised. The crew's will simply return on your next scheduled collection day as normal.

Should you need to rearrange a service over the period, please contact us and we can look to move the collection to an earlier date. Alternatively, if you are in need of an urgent clearance or run an essential service, we are running a by-request Tip Only service on 28/12/20.

If you require amendment or assistance with any of your services over this period, please contact us at orders@biocollectors.com with your requirements and we will do our utmost to accommodate. Please ensure any amendments are received and confirmed with sufficient notice.

To all our Customers, we look forward to continuing to work with you in 2021 and as always, if you think someone may benefit from reducing their disposal costs with our segregated food waste collection service, please put them in touch to help us continue to make London a greener, more sustainable city.

From everyone at Bio Collectors, our best wishes to you and your families this Christmas and a Happy New Year.
